"In every tragedy there is always a proximate cause: the event that instantly preceded the tragedy. But if you go back in time and look for the root cause, all too often it comes down to a lack of good policy and a lack of good training."

Co-founder, Lexipol

"I don't have to worry about keeping up with case law and doing updates. I know I'm going to be notified when there's a critical update, and Lexipol staff is always willing to help with the updating."
