

July 11, 2022

We, John and Khristin Fleury, created Fleury Charitable Organization Inc. with the hope to raise funds through different organized events and fundraising opportunities. We want to give back to the communities we live and work in and help national causes by contributing to research focused on ending disease worldwide.

This year, the charity we have selected to support is [The Michael J. Fox Foundation for Parkinson's Disease](#).

**From President and Co-Founder Khristin Fleury:**

“Most of my life I can remember my Grandma suffering from Parkinson’s disease. Parkinson’s disease (PD) occurs when brain cells that make dopamine, a chemical that coordinates movement, stop working or die. It is called a “movement disorder” as PD can cause tremor, slowness, stiffness, and walking and balance problems. PD is a lifelong and progressive disease, which means that symptoms slowly worsen over time. One of the hardest parts of watching someone progress with PD is seeing them no longer enjoy the things they loved to do. My Grandma died in 2009 and in 2020, my Dad was diagnosed with PD. **There is no cure for Parkinson’s disease.** Our goal is to help others like my Grandma and Dad with supporting the Michael J. Fox Foundation in order to develop additional treatments and therapies for those dealing with Parkinson's, with the eventual hope that a cure can be found.”

Research shows that playing golf has positive outcomes for those who suffer from PD. We have decided that our inaugural event will be a charity golf tournament.

**On Monday, September 26, 2022 at The Edison Club in Rexford, NY** we will welcome golfers and sponsors to help us make a difference and continue the important research to help find a cure.

This year our fundraising goal is \$15,000 and we are hoping that you could help us reach that goal. All proceeds will benefit The Michael J. Fox Foundation.
